

# I, \_\_\_\_\_, **WILL; FOR US**

**I WILL** take caution when using any mind altering substance  
*Because staying safe, healthy, and aware is the best life to live **FOR US***

**I WILL** always find a designated driver or alternate way home if I am impaired  
*Because no amount of impairment gives me the right to make an unsafe decision **FOR US***

**I WILL** use the Good Samaritan Law if I am ever concerned about a friend or stranger  
*Because looking out for each other is the best way to foster a community **FOR US***

**I WILL** encourage people in my life to practice the same commitments I am making  
*Because when we are all working together, life is better **FOR US***

**I WILL; FOR US** is a pledge to yourself and your fellow community members that you will be as safe and thoughtful as possible when dealing with any issue related to substances. When you make a decision to use substances, you not only take on the responsibility of protecting yourself, but also the lives of others and the community around you. This is not a topic you should have to take on alone; this is **FOR US**. We are in this together. I pledge to call 911 if I see a substance impaired person who needs help, and I will stay with that person until help arrives.
